

# MEMORIAL DAY MESSAGE

Date: May 26, 2021  
To: All ITC Employees  
From: Seneca Mullins, President

Memorial Day commemorates our natural human desire for unity. While it's easy to get caught up in making plans for the long weekend, especially after being under COVID-19 restrictions for more than a year, it's important to remind ourselves Memorial Day was created as a **Day of Remembrance**. It's the day we give thanks and pay homage to those who gave the ultimate sacrifice for our freedom – their life.

Memorial Day and Veterans Day are both patriotic holidays honoring the military, but there is a very significant difference between the two: **Memorial Day**, which falls on the last Monday in May, honors men and women who died while actively serving in the military. Veterans Day, observed every November 11, recognizes all who have served in the Armed Forces, living and deceased.

This Memorial Day, I am very pleased to offer a new way for us to connect with ITC and AFL employees who will never forget their own fallen patriots. Whether your loss was a family member, friend, comrade or mentor, **these are our nation's heroes**. This year you have an opportunity to share a picture of someone dear to you who gave their life in service to our country. You will be asked only to provide your name, their name, and their branch of service. If you would like to share more, you will have an opportunity to do so. Our very own "Hall of Heroes" will be a permanent memorial under the new Veterans section of our website, designed to serve as an expression of gratitude to these great Americans, and an acknowledgement of those left behind who still suffer the loss. I hope you will take just a few minutes to watch the powerful video posted on ITC's website, <http://www.callitc.com/hall-of-heroes/#> and consider submitting your very own hero. Maybe your hero is a father, grandfather or comrade in combat. Perhaps your hero is your sister, friend, neighbor or even your child. It will be our honor to remember them with you this Memorial Day.

If you have never visited one of our country's more than 155 national cemeteries, it's an experience you will likely never forget, and one worth considering this Memorial Day. To find a national cemetery near you, see this resource: [US National Cemeteries](#). And with just a few points of data, you can locate anyone buried in a national cemetery by going here: [National Cemetery Locator](#).

Please remember this Memorial Day that many of our living veterans still struggle with the loss of their comrades. I would ask you to keep them and their families in your thoughts on this sacred day. Finally, remember with reverence the more than 83,204 American service men and women missing in action, who have no grave to be tended. Thank you for joining me in respectful observance of Memorial Day.

***"Your freedom is the most expensive thing you own, even if you didn't pay for it yourself."***
